BRIEF ABSTRACT OF LETTER

Submits for sanction a scale of expenditure for the chattram recommended in Tirukattupalli by the Municipal Commissioner in connection with the Annual Festival.

NOTES AND ORDERS.

1 The Municipal Commissioner has requested sanction to the Scale of Expenditure amounting to Rs 500/- per annum to be met from the Chattram Lodging Fees as per details furnished in the Statement putup below. It is stated that this Scale is proposed on the basis of the present requirements of the new Chattram and the Scale may perhaps be sanctioned

2 As the opening of the new chattram for

for the Brahmin Pilgrims throws additional work and responsibility on the Peshkar, requiring his presence on the Hills more frequently than hitherto, the Mysore Government has requested sanction to revise the grade of the Peshkar's pay to Rs 60-4-100 in reconsideration of the orders of the Govt in the matter, the extra cost being met from the saving pointed out. This is for orders. The duties of the Peshkar have been set forth in PP 14-15 of the Compendium recently published. The H.C. note where says what the Sitharao's prospects would have been at present if he had continued in the Revenue Dept. Kind attn is invited to the rules printed in Volume 3-7 of the Mysore Dept 252-40 re: the higher grade proposed on the last occasion for the Peshkar. One of the reasons now advanced by the H-C for proposing a higher grade for the Peshkar is that his presence on the Hills will be more frequently required than before, in which case increased Daily allowance only would be admissible, be more appropriate? What this maybe is a matter for consideration for orders —

The scale of expenditure proposed may be sanctioned.

The scale of staff proposed may be sanctioned. I do not think there is any need for the present to enhance the pay of the Peshkar. It will however be open to the Municipality to appoint the Office Asst. of the Non-Brahmin Chemistry in the Day, he visits the Wells. It may be necessary to make arrangements for feeding in the new Chemistry, though on a small scale, by retaining, if necessary, the feeding in the Brahmin Chemistry to some extent, as otherwise, it will be a perpetual source of complaint & agitation.

(para 2 of the M.C's letter under reference). Reference is invited to para 16 of the Compendium of the Tirupathi Charities by Mysore Govt, wherein it is stated that the peshkar is given a daily allowance of one seer rice and condiments when he camps on the Hills, the clerk-in-charge at the Hill chowkey is given one seer rice and condiments and the other chowkey Establishment on the Hills get half seer of rice and condiments. The cost on this account is found to be included in the total expenditure of Rs 5200 provided for feeding in the Hill chowkey in the sanctioned scale which is capable of meeting the extra cost on account of rations

2 APR. 1941

Sir,

Proposals for fixing a scale of expenditure for the Non-Brahmin Choultry on the Tirumalai Hills.

With reference to the marginally noted Government Orders in connection with the construction of a building on the Tirumalai Hills for providing accommodation for Non-Brahmin pilgrims from Mysore visiting that place, I have the honor to forward herewith a copy of report No.T.J.60/40-41 dated 25th January 1941 received from the Peshkar, Mysore State Charities, Tirupati, stating that the construction of the main building of the Non-Brahmin Choultry is almost completed and submitting proposals for fixing a scale of expenditure for the Choultry. The Peshkar has proposed an additional establishment of 1 Jafledar on Rs.10/- per mensem, one peon on Rs.12/- per mensem, a Maid Servant on Rs.3/- per mensem and an allowance of Rs.4/- per month to the Servants, the total expenditure of which will be Rs.30/- per mensem. Towards electric current charges and other miscellaneous expenditure including contingent charges, a sum of Rs.10/- per house or Rs.30/- per annum is proposed. Towards the pay and pensionary contribution and daily allowance of the Peshkar, he has proposed an expenditure of Rs.30/- per mensem or Rs.360/- per annum. The total expenditure proposed on the above items comes to Rs.1,000/- per annum.

1) G.O.No.334-5/Muz.194-27-2 dated 14-8-1928.

2) G.O.No.2121-24/Muz.108-38-8 dated 7-6-1939.

Under Miscellaneous items, a sum of Rs.320/- is proposed for annual repairs, tinning of vessels, etc., Thus, the total expenditure proposed amounts to Rs.1,340/- per annum.

2) The establishment proposed by the Peshkar is excessive and admits of considerable curtailment. I, therefore submit herewith a statement showing my proposals for fixing a Scale of Expenditure for the Choultry on the basis of present requirements. According to my proposals a menial Establishment of 2 peons on Rs.9/- each, a Jamali on Rs.3/8/0 and an allowance of Rs.2/8/0 to the Scavenger of the Brahmin Choultry will be sufficient, the menials being accorded treatment similar to that extended to those working in the neighbouring Government Choultry regarding issue of rations, etc. For Electric lighting and other miscellaneous items of expenditure, a lumpsum provision of Rs.122/- may do, for the present. A sum of Rs.15/- per annum may be provided for tinning and repairing of vessels and Rs.75/- towards the annual repairs of the building. The total amount as thus proposed comes to Rs.500/- per annum.

3) In this connection, I invite kind reference to Government Order No.2188-3/Muz.193-39-2 dated 15th April 1940 sanctioning a revised Scale of Expenditure in respect of the General Charities at Tirupati, directing that the total sanctioned cost may be fixed at Rs.19,500/- reducing the provision for reserve from Rs.624/- to Rs.124/- and that from 1941-42 onwards with the disappearance of the need to continue Rs.1,500/- towards the cost of the Non-Brahmin Choultry, the total expenditure may be reduced to Rs.18,000/ As funds to the extent of Rs.500/- have to be made available for the Chatiram, I request that Orders of Government may be kindly obtained to grant Rs.500/- now with-drawn from the Chatiram Savings Fund by reducing the Grant to the Charities from Rs.20,000/- to Rs.19,500/- and to approve the proposals made for fixing the Scale of Expenditure according to my proposal.

4) In the course of his report, the Peshkar has requested that his pay may be fixed in the Grade Rs.60-4-100. The present grade of the peshkar

of the Peshkar is Rs.60-4-80. As he was getting the maximum in this grade and in view of the other circumstances explained by him, a recommendation was made to Government (vide this office letter No.C.2148/39-40 dated 14th October 1940) to revise the grade to one on Rs.60-4-100, but Government directed that it was too early to consider the question of putting the Peshkar into the higher grade. As the opening of the Non-Brahmin Chattram, no doubt throws additional work and responsibility on the Peshkar requiring his presence on the Hills more frequently than hitherto, I request that the question of putting the Peshkar into the higher grade may be kindly reconsidered at this stage and sanction of Government obtained for revising the grade of the pay of the Peshkar's post from Rs.60-4-80 to Rs.60-4-100, the extra cost both on account of this and the consequent enhancement in the pensionary contribution being met from the Savings in the sanctioned Scale of the Charities

I have the honour to be,

Sir,

Your most obedient servant,

Muzrai Commissioner.

for Muzrai Commissioner.

Report No.H.C.86/40-41 dated 25-1-1941, submitted by the Seshadri, State Charities, Tirupati, to the Under Commissioner in Mysore Bungalore.

I beg to report that the construction of the Pilgrim Shed on Brahmin Choultry is almost completed. The latrines, drains and compound wall to be constructed, and the building to be fitted with electric lights. Estimate for the supply of vessels is sent up to the Executive Engineer, Polar Division as this item is included in the estimate of the building. The above said works might be completed by the end of April at the most. A scale has to be got sanctioned for the working of the Choultry from 1st May 1941 or even earlier. I beg to propose the following for kind consideration and orders.

As it is, the building is not provided for the kitchen no cooking hall. Hence the question of feeding Brahmins seems to be not possible for the present. The following minimum establishment will be required for the upkeep of the Choultry. Two Cooks and one Pre-Cooker who are competent to write, issue and receipt of Vessels and the arrival and departure of pilgrims. One male servant for keeping the building and cleaning the Vessels. As there will not be sufficient work for a Scavenger, the Scavenger attached to the Brahmin Choultry will have to be given an allowance for the extra work. Since addition of responsibility and work will be thrown upon the Seshadri and his pay is not entitled in the scale sanctioned by the Government in their [illegible] uz.1ac-ee-2 dated 10-1-1941 and his prayer for commencing the pay at the [illegible] suitable provision for his local allowance which has been referred by the Government in letter No.1 75 [illegible]-10-2 dated 10-11-1940 may kindly be reconsidered and his pay fixed at Rs.[illegible]-[illegible] so as to give him the benefit of claiming the local allowance at Rs. . . for holes or one fill in lieu of O-8-0 Local factor, by declaring that he is not involved to the working of the Brahmin Choultry.

The recurring expenses under establishment will be as follows:-

Particulars.	Grade.	Scale.	Pay.
